

Remarks

In response to the Notice to File Missing Parts mailed May 25, 2001, please find enclosed a paper and computer-readable copy of the Sequence Listing. To the best of the undersigned's knowledge, the printed Sequence Listing is identical to the Sequence Listing submitted in computer-readable form.

This paper is submitted to comply with the United States Patent Office rules governing gene sequences. No new matter is added. Attached hereto is a marked-up version of the changes made to the claims by the current amendment. The attached page is captioned "**Version with marking to show changes made.**"

In the unlikely event that the transmittal letter is separated from this Sequence Listing and the U.S. Patent Office determines that an extension and/or other relief is required, Applicant petitions for any required relief including extensions of time and authorizes the Assistant Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this sequence listing to our Deposit Account No. 03-1952. However, the Assistant Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Respectfully submitted,
